

NEWS RELEASE

Like never before, God is calling His people to selfless, vigilant, 24-7 prayer. The Church of God General Overseer, Dr. Tim Hill, is sounding the trumpet. The denomination started the year with the Agree 17 Virtual Prayer Simulcast with 40,000 people watching on the last night. This engagement was beyond any of the prayer efforts in the past. Thanks to Dr. Hill for his vision for connecting the church in prayer throughout the Agree 17 effort.

The prayer campaign continues throughout 2017 with the *Intercessors on the Wall* initiative. Doug Small, Church of God Prayer Coordinator, is aggressively mobilizing prayer for North America, and beyond by asking 100 Church of God churches to take their turn on the 'prayer wall' each week.

A mailing campaign generated from the Prayer Ministries Office will target 100 churches weekly. Included will be a bulletin insert and information on resources pastors can use to engage their congregation in prayer. "We must help our churches re-center their prayer theology – prayer that is at its heart worship; and at its edge mission; and in between, God cares for our needs," says Small.
